Let's talk about asthma and keep our mates  
safe at school.

Asthma can affect  
**a child's school life**

but you can make it a  
little easier

**40,000 people**  
are hospitalised from an  
asthma-related illness  
each year

**More than half**  
are children aged 0-14  
years old

**Speak to your teacher to find out what we'll be doing and how  
you can help make this an even greater event.**
