

ASTHMA WA

Bust out in Blue

Every day, **1 in 9 children** in Western Australia face the challenge of asthma. That's nearly 600,000 kids! Unfortunately, we know that almost 60% of these kids are being misdiagnosed or mismanaged and this can make their breathing struggles even more scary!

Our school is Busting Out in Blue to help Asthma WA give free support to kids with asthma all across WA.
